3. We are also opposed to "committees," so suggest that the appropriate person or persons from your Biographic Register discuss this situation with the appropriate person or persons from FDD [redacted]. After all, within this organization we prefer to have a "free flow" of discussion without the formality of committees. Here, we are on the banks of the Potomac rather than in the Land of the Bean and the Cod, so we hope that there will not be the well-known limited conversations of the Cabots and the Lodges.
